Timelines Task Sheet

This task will help you to remember what happened in the movie, especially important events. This will come in handy when completing the summative work.

INSTRUCTIONS:

You will need a lined A4 piece of paper

- 1. On the first line, write the <u>first</u> event that occurred in the movie.
- 2. On the last line, write the last event that occurred in the movie.
- 3. Whilst watching the movie, record important events that happen in between.

BE CAREFUL! You only have a set amount of lines to write down the events that occur in the movie.

If you start to run out of room, you may need to rethink whether the events you have written down are as important as you thought they were.

EXAMPLE:

Movie: Lego Movie	Date: 28/8/15	Name: Viviane
	to to proto at the life of	le francisce avil Level Ducinese
• Wizard Vitruvius attempts to protect the Kragle from the evil Lord Business.
